

# INDEX.

- ABBOTT, A. C., M.D., a review of the more important peculiarities of the spirillum ("comma-bacillus") of Asiatic cholera, 505  
prophylactic measures against Asiatic cholera, 287  
the metamorphosis of microorganisms, 194  
the uncertainty of detecting the bacillus of typhoid fever in suspicious drinking water, 651
- Abdomen, gunshot wound of, during pregnancy; recovery, 241
- Abdominal wall, tumor of, 405
- Abortion, etiology and treatment of, 511
- Abscess, cerebellar, successful evacuation of, 329  
gluteal, from rupture of a parametric exudate through great sciatic foramen, 686  
of the frontal lobe, successful evacuation of, 439  
pulmonary, pneumotomy for, 636  
retro-pharyngeal, after influenza, 330
- Abscesses, multiple, in abdominal cavity, 604
- Acetanilide, intoxication with, 686
- Adams, J. Howe, M.D., the late D. Hayes Agnew, 28
- Adhesive plasters, septic dangers of, 385
- Adirondack cottage sanitarium, results of the employment of tuberculin and its modifications at, 298
- Adler, Lewis H., Jr., M.D., the treatment of anal fissure, or irritable ulcer of the rectum, 435
- Advertising, a unique mode of, 193
- Agathin, a new anti-neuralgic, 152
- Agnew, the late Dr. D. Hayes, 28
- Air-passages, foreign body in, for five months, 190
- Akromegaly, a case of, 515, 518, 520
- Albuminuria associated with the uric-acid diathesis and oxaluria, 584
- Alcohol, the action of, on the circulation, 567
- Alcoholism, 82  
a brief summary of the clinical history and treatment of two thousand and twelve cases of, 11  
quackery in the treatment of, 81
- Allen, Dudley P., M.D., Meckel's diverticulum as a cause of intestinal obstruction, 177
- Alopecia and alopecia areata, some successful methods of treating, 146
- Alumol, 666
- Amblyopias, 729
- Ameba coli: its importance in diagnosis and prognosis, with the report of two cases, 705
- Amenorrhea, with galactorrhea, 439
- Anal fissure, or irritable ulcer of the rectum, the treatment of, 435
- Anatomic and biologic nomenclature, chairman of committees of, 28
- Anatomy, the study of, from the physiologic standpoint, 251  
the teaching of, 419
- Ancestors, our professional, disparagement of, 217
- Anders, James M., M.D., enlargement of the liver due to carcinoma, associated with stercoral cecitis, 677
- Anemia, 184  
extreme puerperal, and nephritis, 664  
pernicious, the treatment of, 666
- Anemic young women, hematemeses of, 438
- Aneurism, a large aortic, 633
- Aneurism, large, of the thoracic aorta, 494  
of the aorta in a child of four and a half years, 272  
of the basilar artery in a boy seven years old, 439  
subclavio-axillary, ligation of the first portion of the subclavian artery and excision of, 382
- Angina pectoris, prophylactic treatment of, 440
- Angio-fibroma of the nose, 405
- Angioma, large cavernous, involving the integument of an entire auricle, 701
- Anise, oil of, as an imbedding medium for making frozen sections, 152
- Anthrax, 134\*
- Anthrax-bacillus, albumoses and toxalbumins formed by, 583
- Anthropology, the place of, in medical education, 359
- Anticholerin, 720
- Anti-neuralgic, agathin, a new, 152
- Antisepsis and asepsis in the lying-in chamber, 88
- Antiseptic powder, an, 72
- Anus preternaturalis, 549
- Aortic stenosis, 184
- Apothecaries', the metric and, systems compared, 558
- Apothecary's oath, 55
- Appendicitis, 246, 669  
causes of failure in the treatment of, 485  
fecal fistula caused by, 660  
four cases of, 681  
timely operation for, 153
- Appendix, vermiform, peanuts in, 377  
vermiformis, surgery of, 531
- Armlet, an, for the surgeon, 643
- Arsenic in leukemia, 100
- Asaprol, 382
- Ascarides, death from the presence of, in the bowel, 550
- Asepsis and antisepsis, as applied in the lying-in chamber, 88
- Ashton, William Easterly, M.D., the pathology of intestinal obstruction following abdominal and pelvic operations, 113
- Asthma, for, 382, 440
- Ataxia, vasomotor, 300
- Athetosis, with report of a case, 466
- Atlantic City, the autumn climate of, 391
- Atresia ani-vaginalis, 69
- Atropine as a hemostatic, 16  
poisoning and the "Keeley cure," 183  
without dilatation of the pupils, 306
- Auditory ossicles, removal of the two largest, excision of membrana tympani and, 304
- Aural catarrh, chronic, otosclerectomy in, 721
- Auricle, entire, large cavernous angioma, involving the integument of, 701
- BACILLUS typhi, and the bacillus commune, the differentiation of, 637
- Bacteremia, hemorrhagic, in newborn, 665
- Bacteria in bottled waters, 404
- Bacterium coli commune, an epidemic of diarrhea among children induced by, 610
- Balanitis, for, 718
- Ball, M. V., M.D., expert testimony, 501
- Balloch, Edward A., M.D., a fatal case of thrombosis of the left middle cerebral artery, 15
- Bane, William C., M.D., headache due to eye-strain, 402
- Barber's itch, 342
- Barr, W. H., M.D., the metamorphosis of microorganisms, 194
- Barton, James M., M.D., intestinal obstruction, 595
- Bed-bugs, conveyance of tuberculosis by, 44
- Belladonna plasters for mastitis, 306
- Benedict, A. L., M.D., metric system, 209
- Berry, Katharine, M.D., what caused the fever? 250
- Biliary fistula in the newborn, a case of, 610  
passages, the surgery of the, 329
- Billings, John S., M.D., causes of outbreaks of typhoid fever, 601
- Bladder, irrigation of the, in chronic cystitis of women, 425  
stone in; its removal, 456
- Blennorrhoea, uro-genital, of little girls, 686
- Bliss, Arthur Ames, M.D., general report of an examination of 415 young deaf-mutes, in regard to the nasal chambers, ears, and organs of phonation, 576
- Bone-grafting, resection of both ulnar bones, with an experiment in, 715
- Bone plates, decalcified, a vegetable substance for, 98
- Boone, H. W., M.D., disarticulation of the hip joint—a new method of controlling hemorrhage during the operation, 68
- Bottle-inhaler, a simple, 213
- Bradford, T. Hewson, M.D., urticaria after the administration of piperazine, 578
- Bradycardia, pulmonary obstruction with, 331
- Brain-surgery, clinical contributions to the subject of, 617, 648
- Breast, fibroma of, 489  
scirrhus of, 489
- Breathing, bronchial, the production of, in consolidation and other conditions of the lungs, 1
- Bristow, A. T., M.D., the surgical treatment of contractures, 421
- British Medical Association, sixtieth annual meeting of, 154
- Bromidrosis, for, 611
- Bronchitis, for acute, 354  
for chronic, 410
- Brown, George S., M.D., gunshot injury of the great sciatic nerve, 467
- Brown, John O., M.D., case of idiopathic phlebitis, 244
- Brown-Séguard's paralysis, a case of, 605
- Brunthaven, F. P., M.D., intolerance to potassium iodide, 279
- Burnett, Swan M., M.D., some incidental phenomena of the shadow-test, 514
- CACHEXIA strumipriva, with paralysis of the right vocal band, 98
- Calvarium, simple method of retaining in place after post-mortem examination, 737
- Campbell, Donald S., M.D., clinical observations and results of electrolytic action in esophageal strictures, 29
- Camphor, oil of, subcutaneously for pulmonary tuberculosis, 718
- Carcinoma, enlargement of the liver due to, associated with stercoral cecitis, 677  
of cardiac orifice, gastrostomy in, 378  
of the cecum, 273  
of the rectum, proctectomy for, 190  
uteri in the negro, 400

- Carcinoma uteri, treatment of, 72  
 Carcinomatous uterus, total extirpation of, in the sixth month of pregnancy, 380  
 Cary, Charles, M.D., the production of bronchial breathing in consolidation and other conditions of the lungs, 1  
 Catarrhal fever in children, 393  
 Cecitis, stercoral, enlargement of the liver due to carcinoma, associated with, 687  
 Cecum, carcinoma of, the, 273  
   vermiform appendix, and adjacent tissues, lesion of, associated with inflammation in the right iliac fossa, 141  
 "Celiotomy" versus "laparotomy," 443  
 Cerebral artery, a fatal case of thrombosis of the left middle, 15  
   surgery, 272  
 Cervix uteri, laceration of, the importance of surgical treatment for, 65  
 Cesarean section, conservative with oöphorectomy for osteomalacia, 685  
 Chancre, intra-urethral, 99  
 Chancroid, bacillus of, 245  
 Chapman, W. Carroll, M.D., tobacco as a cause of hypertrophy and dilatation of the heart—"the tobacco-heart"—with a report of cases, 733  
 Charlton, N. E., M.D., selection of a climate for tuberculous patients, 392  
 Chemical pathology of the infectious diseases, 45  
   words, commendable changes in the spelling of, 722  
 Children, for the urticaria of, 686  
 Chloro-anemia, the treatment of, by means of hot-air baths, 410  
 Chloroform and ether anesthesia, the relative mortality of, 497  
   as an anesthetic, the action of, 474  
   inhalation, 337  
   narcosis, death during the first stage of, 353  
   the influence of, upon the course of normal labor, 353  
 Chlor-phenol, 100  
 Cholera, 275, 301, 334  
   ability of the State to prevent an epidemic of, 322  
   and its migrations, 295  
   artificial immunity to, 300, 328  
   Asiatic, prophylactic measures against, 287  
     spirillum ("comma-bacillus") of, 505  
     bacilli, a biologic reaction from, 637  
     bacillus, biology of, 758  
     brief suggestions as to the prevention, recognition, and treatment of, 291  
     cleanliness the best preventive of, 523  
     convalescents, the protective property of the blood of, 686  
     dejecta, the disinfection of, by means of milk of lime, 496  
     diagnosis of, 329  
     for, 496, 580, 611  
     for Asiatic, 440  
     hydronaphthol in the prophylaxis and treatment of, 371  
     immunity to, 134  
       to, conferred by the milk of protected animals, 718  
   in Europe, 104  
   in Hamburg, 524  
   in the dog, 409  
   iodoform in the treatment of, 686  
   morbid anatomy and diagnosis of, 325  
   notes on diagnosis and treatment of, 290  
   patients, toxalbumins in the matters vomited by, 636  
   preventive measures for the individual during times of actual or threatened prevalence of, 316  
   protective inoculations against, 380, 496  
   recent, in New York, 717  
   salol for, 330  
 Cholera, suggestions as to the prophylaxis and treatment of, 326  
   symptoms like those of, from streptococci, 549  
   transmission of, 687  
   treatment of, 441, 468  
   unity of, 358  
 Chorea and influenza, 84  
   nephritis, 99  
   treatment of, 152  
 Ciliary body, recurrent hemorrhage from, resulting in cataract; recovery of vision after operation, 637  
 Circulation, the action of alcohol on, 567  
 Cirrhosis of the liver, fatal hemorrhage from esophagus in, 44  
 Clarke, Augustus P., M.D., the importance of surgical treatment for laceration of the cervix uteri, 65  
 Cloves, oil of, injections of, for local tuberculosis, 638  
 Club-foot, congenital, at what age should the first treatment of, be instituted? 539  
   the treatment of, 477  
 Cocaine phenate, the treatment of hay-fever by means of, 676  
 Code of ethics, revision of the, of the American Medical Association, 331  
   or no code? no code, 223  
   the need of a, 223  
   the revision of the, 335  
   violations of, 643  
 Codeine-intoxication, a case of acute, 382  
 Coe, Henry, C., a contribution to the study of abdominal pregnancy, 645  
 Cohen, Solomon Solis-, M.D., febricide, 55  
   a case of akromegaly, 518  
 Coincidence or complication, 363  
 Colgan, James F. E., M.D., gastric ulcer in a child two and one-half years old, 408  
 Colic, hepatic, the treatment of, 410  
   nervous hepatic, 190  
 Columbian Exposition, an exhibit of road-making at, the, 192  
   World's, "children's home" at, 690  
 "Comma-bacillus," spirillum, of Asiatic cholera, 505  
 Commission, one dollar, 471  
 Complication or coincidence, 363  
 Contagious diseases, some precautions against the spread of, 675  
 Contractures, the surgical treatment of, 421  
 Convulsions and malaria, 683  
 Coplin, W. M. L., M.D., and D. Bevan, M.D., acute infectious epiphysitis, 169  
   and H. Sommer, Jr., effects of heat as manifested in workmen in sugar-refineries, 262  
 Corneal opacities and parenchymatous keratitis, 190  
 Coronary artery, embolism of the left, sudden death, 210  
 Correspondence—  
   Chicago, 222  
   Detroit, 473  
   New Orleans, 84  
   New York, 222, 742  
 Corrosive sublimate as a germicide, 365, 397  
 Coryza, for acute, 440, 550  
 Cotter, R. O., M.D., some practical points in regard to eye-strain, 6  
 Couveuse and gavage, the influence of, upon the mortality of the newborn, 381  
 Cowan, George, M.D., need of a code, 223  
 Craniotomy for double optic neuritis, with microcephalus, 354  
 Creasote for scrofulosis, 190  
   for whooping-cough, 152  
 Croup, diphtheria and, 100  
 Croupous pneumonia, the genesis of, 37  
 Crutch-paralysis, treatment of, 212  
 Curtin, Roland G., M.D., brief suggestions as to the prevention, recognition, and treatment of cholera, 291  
 Cushing, Clinton, M.D., prolapse of the ovaries, 492  
 Cushing, H. E., M.D., a case of complete inversion of uterus following labor, 609  
 Cyst of ovary in girl twelve years of age, 14  
 Cystitis, for, 440  
   of women, irrigation of the bladder in chronic, 425  
 Cystorrhaphy, 372  
 Cystoscopy, 195  
 DABNEY, WILLIAM C., M.D., the nature of shock and allied conditions, 625  
 DaCosta, Professor, the retirement of, from Jefferson Medical College, 137  
 Dacryocystitis, radical treatment of, 16  
 Dallas, Alexander, M.D., new instrument for the cure of hernia, 578  
 Dana, Charles L., M.D., the clinical characters and diagnostic significance of tremor, 673  
 Danforth, I. N., M.D., tube-casts and their diagnostic value, 85  
 Darey, J. Herbert, a case of biliary fistula in the newborn, 610  
 Davidson, Charles F., M.D., ovarian cyst in a girl twelve years of age, 14  
 Davis, Edward P., M.D., surgical treatment of labor delayed by rigidity of the os uteri, 656  
   the treatment of the posterior rotation of occiput during labor, 33  
 Davis, Theodore G., M.D., a good word for the pharmacist, 391  
 Dawson, John L., Jr., M.D., athetosis, with report of case, 466  
 Deaf-mutes, general report of an examination of four hundred and fifteen young, in regard to the nasal chambers, ears, and organs of phonation, 576  
 Deafness and tinnitus aurium, sound as a therapeutic agent in, 278  
 Deaver, John B., inflammation in the right iliac fossa, associated with lesion of the cecum, vermiform appendix, and adjacent tissues, 141  
 Denison, Charles, A. M., M.D., tuberculin and the living cell; an inquiry as to how the one aids the other in the fight against tuberculosis, 309  
 Dewey, Richard, M.D., insanity in private practice, 201, 362  
 Diabetes mellitus, the treatment of, the metabolism in glycosuric conditions and, 740  
 Diarrhea, an epidemic of, induced by the bacterium coli commune, 610  
 Diller, Theodore, M.D., a plea for special State provision for epileptics, 207  
 Diphtheria, a case of, with nephritis as a sequence, 407  
   and croup, 104  
   application in, 686  
   bacilli, a new method for the culture of in hard-boiled eggs, 659  
   death from the embolism of the basilar artery in the course of, 468  
   in a child, right hemiplegia and aphasia following, 467  
   methylene-blue for, 638  
   spread of, 641  
   treatment of, by methyl-violet, 246  
 Diphtheritic conjunctivitis, 197  
 Disease, the chemical poisons of, 689  
 Diseases that are overlooked, 639  
   of the lower animals, relationship of, to man, 236  
 Diuretin, failure of, to avert urethral fever, 352  
 Dixon, W. A., M.D., the morbid proclivities and retrogressive tendencies in the offspring of mulattoes, 180  
 Doctors, involuntary newspaper, 191  
 Dropper, the antiseptic, 635  
 Drowning, resuscitation after, 90

- Druggists' receipts, retail, one way of increasing the, 471
- Dulles, Charles W., M.D., a case of akromegaly, 515
- Dunn, James A., M.D., a case of tuberculous adenitis, with general alopecia and pruritus, 41
- Dysentery, amebic, three cases of, 631 for, 274, 550, 580
- ECLAMPSIA**, 273  
followed by facial erysipelas, 133  
the pathogenesis of, 99
- Eczema, for chronic scaly, 496  
of infancy and childhood, 258  
of the vulva, for, 611
- Eichler, Alfred, M.D., suggestions on the treatment of early syphilis, 204
- Elbow-joint, case of dislocation of, with rupture of the muscles and ligaments, 380
- Electricity for paralytic obstruction of the intestine, 16
- Electrolytic action in esophageal strictures, clinical observations and results of, 29
- Eliot, Llewellyn, M.D., a case of puerperal mania, 95
- Ellis, P. V., M.D., alcoholism, 82
- Embolism, cerebral, endocarditis and, in the course of rheumatism following gonorrhea, 698  
of the basilar artery in the course of diphtheria; death from, 468  
of the left coronary artery, 210
- Empyema, an unusual case of, 44
- Endocarditis, 184  
and cerebral embolism in course of rheumatism following gonorrhea, 636  
ulcerative, in conjunction with gonorrhea, 636
- Endoscope, a simple, 195
- Enteric fever, immunity to, 468  
or typhoid fever, 589
- Enterorrhaphy, circular, 521
- Enterprises, new, 443
- Epilepsy cured by the replacement of an ante-flexed uterus, 99  
the influence of antirabic inoculation upon, 99  
the urine of, 98
